## Professional Summary

Experienced Flutter Developer and UI/UX Designer with 2 years of hands-on experience in developing cross-platform mobile applications. Proficient in the Flutter framework and Dart programming language, with a strong foundation in creating visually appealing and user-friendly interfaces. Adept at delivering high-quality solutions that meet client requirements, with strong problem-solving skills and a commitment to staying updated with the latest industry trends. Ready to contribute expertise in both development and design to drive innovation in mobile development projects.

## Experience

**Junior Flutter Developer cum UI/UX Designer - Jan 2023 - Present**  
**Tisteps Pvt Ltd - Chennai, India**

- **UI/UX Design and Implementation:** Contribute to creating visually appealing and user-friendly interfaces using Flutter's widget library. Work closely with designers to ensure consistency in design and user experience across platforms. Develop wireframes, prototypes, and high-fidelity mockups based on project requirements. Conduct user research and usability testing to gather feedback and refine designs. Stay updated on the latest design trends and best practices to enhance UI/UX designs.
- **Assist in Application Development:** Collaborate with senior developers to design and develop cross-platform mobile applications using Flutter and Dart. Participate in all stages of the software development lifecycle, from requirement analysis to deployment.
- **Code Implementation and Optimization:** Write clean and efficient code to implement features and functionalities according to project requirements. Assist in optimizing app performance and troubleshooting technical issues.
- **Integration and API Interaction:** Integrate RESTful APIs and third-party services into mobile applications to fetch and update data. Handle

asynchronous operations and data persistence using local storage solutions.

- **Testing and Quality Assurance:** Collaborate with QA team to identify and resolve defects during testing phases

## **Junior Flutter Developer and UI/UX Designer - April 2022 - 2023**

### **Infopark Kochi**

#### **As a Junior Flutter Developer:**

- Assist in the development of cross-platform mobile applications using Flutter framework and Dart programming language.
- Collaborate with team members to translate design mockups into functional user interfaces and features.
- Implement and maintain codebase, ensuring code quality, efficiency, and adherence to coding standards.
- Integrate RESTful APIs and third-party libraries to fetch data and enhance app functionalities.
- Participate in testing and debugging processes to identify and resolve issues, ensuring app stability and performance.

#### **UI/UX Designer:**

- Create wireframes, mockups, and prototypes for mobile applications, focusing on user-centered design principles.
- Design intuitive and visually appealing user interfaces that provide seamless user experiences across different devices.
- Collaborate with developers and stakeholders to understand project requirements and translate them into design solutions.
- Conduct user research, usability testing, and feedback sessions to gather insights and refine designs.
- Stay updated with the latest design trends, tools, and best practices to continuously improve design skills and deliver innovative solutions.

## **Technical Skills**

- Proficient in Dart, C++, HTML, and Java programming languages.
- Experienced in mobile application development using Flutter.
- Skilled in UI/UX design principles and tools.
- Capable of creating intuitive and visually appealing user interfaces.
- Knowledgeable about software development life cycle
- Demonstrates excellent problem-solving skills and attention to detail.

## **Certification & Licenses**

- Google - UX Professional Certificate  
(<https://coursera.org/share/0618949feb27bfb76675a629c6ba9aef>)
- Google - Foundations of User Experience (UX) Design  
(<https://coursera.org/share/94ba7d0a01e60210ed40c594f857dae2>)
- Google - Build Wireframes and Low-Fidelity Prototypes(<https://coursera.org/share/3c23b497889feaf52981b40222cc5ac>)
- Google - Build Dynamic User Interfaces (UI) for Websites(<https://coursera.org/share/201610e933032612188d1fe08591906>)
- Flutter basics -udemy

## **Academic Profile**

**Bachelor of Engineering - Electronics & Communication Engineering (2016 - 2020)**

Kerala Technical University -KITS COLLEGE KOTTAYAM

## **Personal Details**

Date of Birth	:	25 th August 1998
Nationality	:	Indian
Languages Known	:	English, Malayalam,, Tamil
Permanent Address	:	Thoongamparambil, Elikulam Po elikulam Kottayam Dst , 686577

## **Declaration**

I hereby declare that all the statements made in this application are true to the best of my knowledge and belief. In the event of any information being found false at any stage, my candidature is liable to be rejected.
